**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a very happy Sonic.net customer in the San Francisco East Bay area. I insist that you prohibit AT&T from limiting access to unbundled copper lines to my service provider. I switched to Sonic because I was entirely FED UP with the abysmal service, high prices, and deliberately confusing and misleading service provisions and plan changes constantly served up by AT&T who, along with Comcast, enjoy a virtual monopoly on Internet access in my neighborhood. I am just sick and tired of their mistreatment of their previously long-term loyal, reliable, paying customers and how they use their filthy moneyed lobbying advantage to reduce competition for average consumers.

I sincerely hope you will heed my earnest plea to improve, or at the very least retain, honest competition among existing Internet providers especially those who deliver EXCELLENT customer service and flexible, affordable pricing to consumers!! I have been waiting patiently for over 5 year for my independent ISP to provide fiber-based service to my small town.

I hope they are able to very soon!

Thank you very much.

Hope Salzer
